

Spain aims to receive one million Chinese tourists in 2020

The Minister of Industry, Tourism and Trade Miguel Sebastian , intended to receive during the current year 300,000 Chinese tourists , a figure expected to increase to one million in 2020 . Sebastian has set the challenge today in Barcelona, under the **VI Forum Spain-China** , boost tourist arrivals to Spain in the Chinese market under a plan to be presented shortly in Beijing.

For this, the minister has assured that it will streamline procedures for obtaining visas, one of the main problems that currently Chinese tourists to come to Spain, and increase the number of tourism offices and consulates in the country Asia.

“We want to attract Chinese tourists, as Spain is a great country that has much to offer and where everyone can feel at home,” she added Minister of Foreign Affairs, Trinidad Jimenez, also present at the event and who emphasized the importance of disseminating the Spanish heritage in China.
