

As of this Friday it's the official start of the Flowboarding Championships and it will be hosted the Sol Wave House in Majorca!

Flowboarding continues to progress and attracts top athletes from skateboarding, snowboarding, wakeboarding and surfing. The sport was established more than 20 years ago. The FlowBarrel is a wave machine specifically designed by Wave Loch LLC, to simulate the perfect, never-ending, barreling wave. It offers the thrill of surfing, skateboarding and snowboarding in the size of a backyard pool.

Meliá Hotels International, and their partners from the internationally recognized brand Wave House, are proud to announce the celebration of the 2012 World Flowboarding Championship – FlowBarrel® event, which is set to take place on September 7th – 9th, 2012.

In June 2012, Meliá Hotels International in Calviá (Mallorca, Spain) will be opening Sol Wave House Hotel, which will be the latest addition to the Wave House family.

Wave House Mallorca is an integral part of the 4 star hotel, which has 180 suites. The entire hotel has been renovated with a minimalist design and surf inspired touches to capture the ocean spirit. Furthermore, it features a large surf shop, restaurants and a venue for over one thousand people. Daytime parties with the world's best DJs and various sporting competitions will be hosted at the beachfront location.
